

REGISTRAR – DOMAIN OWNER AGREEMENT

Additional Agreement to .SE's Terms and Conditions of Registration

PARTIES

InterNetX GmbH ("the Registrar") who is by the Swedish Foundation for Internet Infrastructure / Stiftelsen för Internetinfrastruktur (".SE") Accredited Registrar, and

You / the Company ("You" or "the Domain Owner")

If you are entering into this Agreement on behalf of a company or other legal entity, you hereby represent that you have the authority to bind such entity to the terms and conditions of this Agreement.

RECITALS

The Swedish Foundation for Internet Infrastructure (.SE), who administrates the Domain Name Registry under the top-level domain .se, has introduced a new business model starting 2009. Previously, a holder of a Swedish Domain Name was a customer to .SE, using listed Registrars for the Registration Services and certain additional services. With the new business model, all Domain Owners will instead be direct customers of a .SE Accredited Registrar. A Registrar handles all of the Domain Owners Internet related services. See clause 7 for a specific description of these Registration Services.

In order to become an Accredited Registrar, .SE has placed certain requirements. The Registrar must be a business enterprise and be registered for corporate taxation, F-tax certificate or an equivalent document (applies to Registrars based in other countries than Sweden).

Throughout the term of the Agreement, the Registrar shall maintain a liability insurance necessary for its activities as a Registrar covering the Registrar's undertakings in accordance with this Agreement, .SE's Terms and Conditions of Registration, as well as the Registrar – Registry Agreement.

The Registrar shall have the necessary technical and administrative resources, including personnel resources, to be able to carry out its undertakings and responsibilities as an Accredited Registrar. The Registrar shall have the technical competence required to execute the Registration Services using the technical user-web interface that .SE notifies from time to time.

At all times, at least one (1) of the Registrar's employees shall be certified by .SE. The Registrar is responsible for ensuring that this employee undergoes the training programme arranged by .SE that is required in order to attain and maintain certification.

Registrars.se is a not-for-profit Association for Accredited Registrars under the Top-level Domain .SE. This Agreement is produced by Registrars.se to guarantee that the Agreement between the Registrar and the Domain Owner fulfils .SE's requirements as well as other obligations stipulated by law and practice.

WHEREAS, the Registrar hereby confirm that the entity is by the .SE Accredited Registrar;

WHEREAS, the Domain Owner wishes to consult the aforesaid Registrar for Registration Services under the Top-level Domain .se;

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties agree as follows:
